

BECOME A SAGECOLLAB PARTNER!

SAGE welcomes partners that are working to achieve a high quality of life for LGBTQ+ older people, support and advocate for their rights, foster a greater understanding of aging in all communities, and promote positive images of LGBTQ+ life in later years.

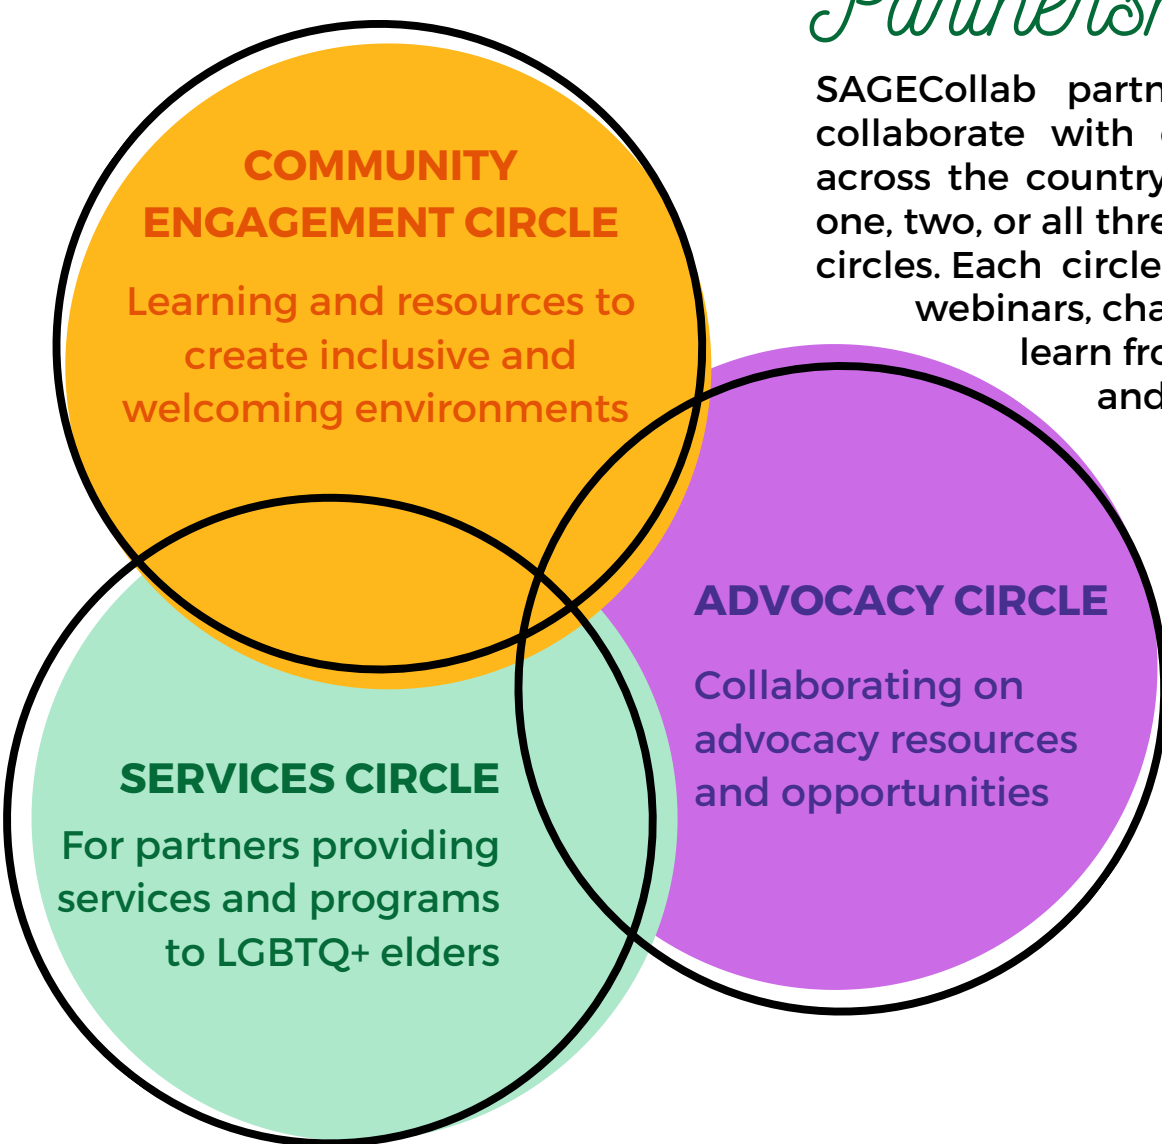

VISIBILITY

If you're supporting LGBTQ+ elders, we want to help increase your visibility and connect you with individuals who will benefit from your work! Becoming a SAGECollab partner includes:

- Organizational listing on SAGE and National Resource Center on LGBTQ+ Aging's website
- Organizational listing shared with SAGE's National Hotline for referrals
- Opportunity to join the National LGBTQ+ Aging Roundtable's calls
- Invitation to gatherings of national partners
- Occasional promotion of your successes and accomplishments in SAGE publications and media outlets
- Opportunities to participate in SAGECare Training Referral Program

Partnership Circles

SAGECollab partners are invited to collaborate with other organizations across the country by participating in one, two, or all three of our partnership circles. Each circle provides meetings, webinars, chances to interact and learn from national experts, and a network of peers.

Education & Training

SAGECollab partners gain access to a wide variety of educational trainings, resources, and meetings. These resources include:

Support and training from SAGE's national staff

Monthly newsletter listing of upcoming meetings and opportunities

Engagement with the National LGBTQ+ Elder Housing Initiative and the National Resource Center on LGBTQ+ Aging

Invitations to events and advocacy opportunities, symposia, and awareness/public education campaigns

Work with Long-term Care Equality Index (LEI) program to expand participation in the LEI by local long-term care communities

Hosting SAGETable community engagement events with promotional listing opportunities on SAGE's website

Engagement with the newly launched SAGE Center of Excellence, including access to peer-reviewed research, participation in approved research studies, and symposia presenting research findings
